

1. Personal Information			
Family Name	Kyung Won	Given Name	Kim
Country	Korea		
Title and Degree	Associate professor, MD		
Affiliation	Asan Medical Center		
Department	Radiology	Position	Associate professor

2. Main Experience	
Major Field	<i>Clinical Trial Imaging and Cancer Imaging</i>
Education	Seoul National University, College of Medicine M.D. 02/2002 Seoul National University, College of Medicine Ph.D. 02/2012 Korea National Open University, Information and Statistics B.S 2006/02
Work Experience	Seoul National University Hospital: Resident/Fellow 2006-2011 Radiology Dana-Farber Cancer Institute: Fellow 2012 – 2013, Cancer and Trial Imaging Asan Medical Center: Professor 2013 – Present, Cancer and Trial Imaging
Research Interests or Major Publications	In the Asan Medical Center, he launched the Center for Bio-imaging of New Drug development (C-BiND) in 2014 which is a center to utilize preclinical imaging for drug development. He also launched the Asan Image Metrics (AIM) in 2017 which is a central imaging core lab to utilize clinical imaging for clinical trial. He has published 110 papers in the past 10 years and now works as a reviewer in many international journals and an editorial board member in Cancer Imaging journal. His ongoing research topic is how to utilize hospital information system including imaging data center for the clinical trial. The ongoing research topic is imaging utilization for drug development including development of new functional imaging, standardization of image acquisition and analysis. Furthermore, imaging endpoints should be harmonized with regulatory authorities.
